Our benefits

“We care” has been one of Plante Moran’s core values since inception. We recognize the importance of each staff member's total wellbeing, which is why we offer a robust benefits package that includes health, dental, vision, disability, and life insurance to eligible staff. These standard offerings are effective on the first of the month following your start date. Additionally, eligible staff are welcome to take advantage of Flexible Time Off (time off without the need to accrue hours), athletic reimbursement, 401(k) plan, flexible benefits plans, and reimbursement of business-related travel. A discretionary bonus plan is available to eligible staff, and pension plans are offered to eligible administrative and paraprofessional staff. Interns and contractors can also elect in health insurance under our contingent staff medical plan on the first of the month following 60 days of employment, in addition to limited paid sick time required by law. Eligibility and contribution requirements for some of these benefits vary based on the number of hours staff work per week. Seasonal staff aren’t eligible for benefits.
