

# K-12

*Trusted independent advisors for K-12 school districts*

The education landscape is changing — climbing operational costs, changes to educational programs, increasing class sizes, and staffing constraints undoubtedly puts a strain on you. Our team brings knowledge gained from over six decades of serving schools. We can help your district prepare for school accounting and auditing changes, anticipate challenges, manage risk, reduce costs, and streamline operations. Our key services include:

- Audit & accounting
- Capital project consulting
- Cybersecurity
- Employee benefits consulting
- Forensic accounting
- Operational improvement
- Risk management
- Technology consulting
