

COMPLIANCE BULLETIN

HSA/HDHP limits increase for 2023

On April 29, 2022, the IRS released [Revenue Procedure 2022-24](#) to provide the inflation-adjusted limits for health savings accounts (HSAs) and high deductible health plans (HDHPs) for 2023. The IRS is required to publish these limits by June 1 of each year.

These limits include:

- ✓ The maximum HSA contribution limit
- ✓ The minimum deductible amount for HDHPs
- ✓ The maximum out-of-pocket expense limit for HDHPs

These limits vary based on whether an individual has self-only or family coverage under an HDHP.

Eligible individuals with self-only HDHP coverage will be able to contribute \$3,850 to their HSAs for 2023, up from \$3,650 for 2022. Eligible individuals with family HDHP coverage will be able to contribute \$7,750 to their HSAs for 2023, up from \$7,300 for 2022. Individuals aged 55 or older may make an additional \$1,000 “catch-up” contribution to their HSAs.

ACTION STEPS

Employers that sponsor HDHPs should review their plan’s cost-sharing limits (minimum deductibles and maximum out-of-pocket expense limit) when preparing for the plan year beginning in 2023. Also, employers that allow employees to make pre-tax HSA contributions should update their plan communications for the increased contribution limits.
